No greenwashing, but telling a true story about sustainability! This Impact collection is made with AWARE™ tracer. With AWARE™, the use of genuine recycled fabric materials and water reduction impact claims are guaranteed, by using the AWARE disruptive physical tracer and blockchain technology. Save water and use genuine recycled fabrics. If you choose this item you save 4 litres of water and 7 plastic bottles have been reused. With the focus on water, 2% of proceeds of each Impact product sold is donated to Water.org. Keep all your work essentials organised with the A5 AWARE™ RPET portfolio. Inside the portfolio you can find a matching notebook. The notebook contains 64 sheets/128 sheets cream coloured lined 80gm/s FSC recycled paper. Inside you will find 1 big sleeve pocket, a phone pocket, 2 card slots and pen loop. Interior and exterior 100% recycled polyester with AWARE™ tracer. PVC free.

We stand for high-quality writing devices that set new standards regarding individuality and precision. Clear shapes, aesthetic design, perfected functionality. Products by Otto Hutt bear a logo on the stylized nib inspired by the Bauhaus signet by Oscar Schlemmer from 1922. An unmistakable symbol of creative standards and the brand's stylistic self-conception: "Form follows function".

Precious metals

The writing instruments' high-quality gold, platinum, or silver coating requires an extremely precise procedure and the utmost care. Situated in the German centre of precious metal and jewellery manufacturing, is of course a master par excellence in these techniques.

Climate-neutral company

To ensure sustainable development, an important aspect for us is to take a holistic view of the three components: economics, environment and society. In collaboration with Climate Partner, our site in Fischerbach is 100 % climate-neutral – this includes the processing of all uma pens. The unavoidable emissions are compensated through climate protection projects. We consciously focus on investing in our region. The forest protection project in Freiburg aims to protect our valuable rural environment.

Facts:

- Emissions of 2,636,777 kg CO₂ compensated to date
- 100 % climate-neutral processing in Fischerbach
- 25 product series manufactured, processed and delivered climate-neutrally

Climate-neutral product series from recycled PET

With the recycled PET PEN series, we created a solution to the current requirements of the market. The series offers the highest degree of sustainability. It is demonstrably certified and is the first European pen series made of recycled PET bottles. It was therefore self-evident that we would want to produce, process and transport this series completely climate-neutrally. The climate protection project that we support fights against the flood of plastic waste in our seas and perfectly completes the sustainability story of the uma recycled PET PEN series.

Facts:

- Emissions totalling 288,994 kg CO₂ compensated

In addition to being climate-neutral, we ensure an upcycling process certified in accordance with the Global Recycled Standard.

FACTS

- entire NATURALS series is climate-neutral
- total of 3,057,962 kg CO₂ emissions compensated
- continuous investments and innovations for the environment and our home
- investment sum of around 160,000 euros
