Sketch Books, Artistic Range & Note Books

*"If I could say it in words
there would be no reason to paint"*

~ Edward Hopper

What is Art but Creativity !

And what is creativity but wondering,
ponderings, or contemplation !

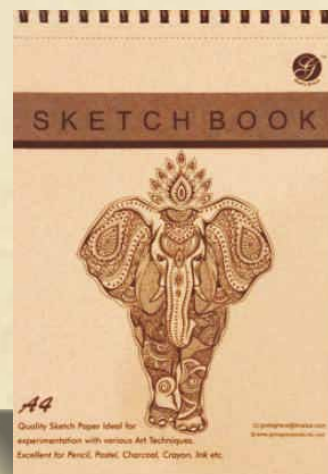

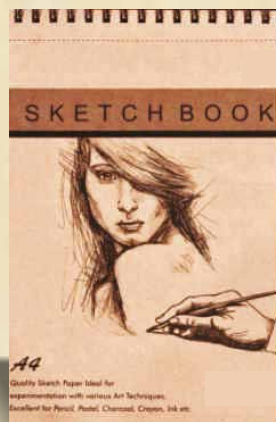

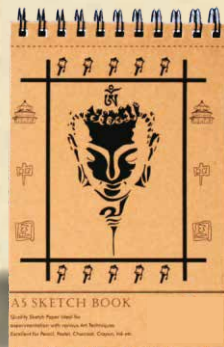

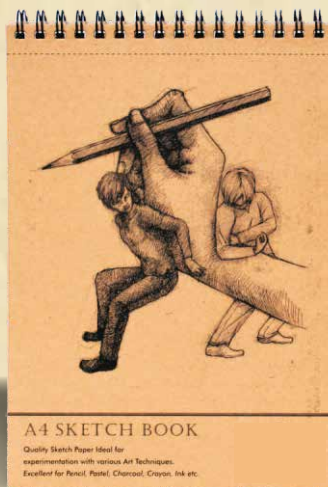

A painting, a piece of music, a verse, prose,
a dance all engender creativity. From the caves
to the canvas, from nature's sounds to songs....
Art has been part of human development,
knowledge and curiosity. Art has raised as many
questions as it has risen for us.

And Art needs creativity... And creativity
takes courage...!

Happy Expressing yourself.....!
